FAQ's

- 1. Q. At what point is a student considered a member of a non-school affiliated team?**
A. If a student participates in a practice or contest, that student is considered a team member and is a part of the roster.
- 2. Q. What constitutes a majority of a non-school affiliated team?**
A. A majority is one more than half the number of students on a team roster.
- 3. Q. Who is considered to be a part of the school coaching staff?**
A. A coach (paid or volunteer) is anyone who at any time for any reason is, or could be, solely responsible for coaching a team.
- 4. Q. Does the Prior Contact Rule apply to incoming 9th graders?**
A. NO
- 5. Q. How may a student document that the transfer process was initiated prior to participating on a non-school team associated with the school to which the student is transferring?**
A. The student should obtain a written, dated document from the administrator or other school representative with whom the student (or parents) corresponded prior to participation **at the school to which the student is transferring, and a copy of the document is provided to the school from which the student is transferring.**

(Cont'd)

6. Q. If a student receives instruction from a coach, then the coach moves to a different school, may the student transfer to the "new" school of the coach without jeopardizing his or her eligibility?

A. NO. The student's eligibility may be in jeopardy if the student transfers to the school where that coach currently coaches regardless of whether the coach's current school is where the coach was employed at the time of the instruction. The student's potential ineligibility is linked to the coach from whom instruction was received, not to the school of the coach at the time of the instruction.
