

AIA
Sports Advisory Committee (Cross Country)
Oct. 11, 2010

Roll Call: Present-
Dave Shapiro, Wallace Youvella, Jr., Rick Baker, Joe Hajek,
Dave Nelson, Dan Nero, Mike Cornish
Presiding-
Dean Visser

Division appeal process:

Should a school/sport be able to petition up or down?
Should a petition be by school or sport specific?

Discussion-

- Lower Divisions may or may not have a team by the time the season begins.
- How many Divisions will there be next year?
- Down side of petitioning by sport is a sport, such as basketball, would be required to petition both the boy's and girl's teams together.
- General feeling amongst the body is to allow the petitioning process, up and down, by sport and by set criteria.

Sport By-Laws

By-Laws

- By-Law 22.3.1
 - Consensus is that the AIA should not do the scheduling for cross-country. Would be better left in the hands of the schools.
- By-Law 22.4.3.1
 - Leave as is

Uniforms

Refer to 22.1.1

- The matter of stitching being the same color as the spandex for undergarments was brought to the attention of the body.

-Brought to Dave Hines' attention

Recommendation is to check with the race officials
prior to any race/meet.

-Dave will also check with Becky Oaks, at the NFHS, to
get clarification.

Sectionals & State Meet

-Get the word out that schools need to input their teams at
athletic.net

Next meeting set for Oct. 27, 2010 (Tentatively)

Meeting adjourned
