___ GREYHILLS		

II. Approval of minutes

Central – September 11 @ AIAAA

North – October 13 @ Cameron Restaurant

III. Fall coaches meeting for All-Region Selection (See recognition AIA Paperwork)

Volleyball

1ST Team – 7 players including POY 2ND Team – 7 players Hon. Men. – 2 from each school if needed

Coach of the Year

Football

1ST Team – 29 players including POY 2ND Team – 29 players Hon. Men. – 2 from each school if needed

Coach of the Year

- Before coaches split to vote, discussion was had on the decision by the AIA to not count the region tournament games as power point games. The 1A Conference had decided that region tournaments would count for power points. The AIA gave all regions the option to choose to hold a region tournament. All regions knew that if they chose to not hold a region tournament they would miss out on some power points. There was some obvious frustration expressed by the coaches and AD's. Some schools were right on the border of making the playoffs or not.
- After discussion on the power point issue, the football and volleyball coaches split to make their all-region selections.

IV. NEW BUSINESS

A. Schedules 16-17 Changes

Boys Basketball - Girls Basketball

Baseball - Softball

Some changes were made to the baseball softball schedule due to the Greyhills switch. AD's should check their schedules.

Other Schedules

B. Section Tournaments This Year

Volleyball – How did it go, \$ report from host schools

- For the North, Greyhills made over \$600 at the gate. Referees were \$500. After paying staff, it was a loss. For the Central, the crowd was not huge at Joseph City. The gate was \$260.
- Discussion was heard regarding changing to a 6 team tournament (or even a 4 team) instead of an eight team tournament in the Central Region. This would cut down on cost and allow all of the tournament to be held at one location on one day. Most appeared in favor, however, no vote was taken and the plan is to discuss the topic at a later meeting.

Basketball - What about a Super-Regional together – Feb. 7-11

Who will host

- The North Region had already voted on combining with the Central Region for a super-regional tournament. The top 4 teams would be taken from each region and the money would be split in half. Greyhills would be the host school (their gym seats 4500 and would be free to use).
- Most seemed to be in favor, however there is a worry that the basketball region tournament will not count for power points. If no power points will be awarded, it will not be worth it to some. No official vote was held until the power point issue is figured out.

Trophy for Region Tournament Champion?

- All agreed that we should provide a trophy for the region tournament champion but no decision was made as to how to pay for this. There is the possibility of making some profit off of our region basketball tournament. We are unsure as to whether or not we will be able to keep a checking account in the regions name. Mr. Echeverria will look in to the possibilities.
- We also discussed meeting a week before the region tournament (or the morning of the regional tournament) to be able to vote for all-region teams. This would allow for all the awards to be presented at the tournament. Future meetings will be set with this in mind.

C. State Tournaments

Volleyball – Nov. 4-5 @ North High School

Basketball – Feb. 17-18, 24-25 @ Prescott Area

V. OTHER BUSINESS

- 1A Conference Meeting Report
- Baseball Advisory Report
- Advisory committee people – anyone interested?
 - If interested, contact Mr. Echeverria.

V. ADJOURN & Go to eat lunch if interested

- The next AD meeting will be held at Sizzler on February 6th, 2017 @ 10:00am.
- The next coaches meeting/all-region voting will be held February 11 at a time TBA.
