- c. 2018-2019/2019-20120 Section Structure within each Division/Scheduling Process**
 - Committee believes this would help with scheduling for next block
 - Committee wants three coach representatives for each section that will assist with schedules because they will have the responsibility to know the programs in their section and the pool availability (including who shares pools with other schools)
 - Swim Advisory Committee coach member will coordinate this effort
 - Goal is for every swim program to get seven swim meets (duals, three ways, four ways)

- **Note: Discussed with David Hines the scheduling process**
 - The conference committees have the responsibility to create all schedules
 - Only the designated conference committee (region chairs) will be able to input schedules (including for individuals sports (like swim/dive)
 - Swim Advisory Committee members and their section representatives will be able to assist the conference committee. Coordinating that effort will be the responsibility of the Conference Committees and the Conference level Coach representatives from the AIA Swim/Dive Sports Advisory Committee

 - Concern that it was hard to hear in the gymnasium general session for all fall coaches
 - Recommend that each sport group meet in smaller setting (like they did for their specific sport information) and have the general session speakers rotate to each sport specific
 - Recommend that swim/dive information meeting be held in a computer lab to insure that all coaches know how to use Hytek/Clean Entries process.
