## Update Spring 2011

**The Team:** All of you!

At the NFHS office you can call upon:

- Tim Flannery, NFHS Assistant Director: envisions, plans and directs the NFHS Coach Education Program, 317-822-5738, [tflannery@nfhs.org](mailto:tflannery@nfhs.org)
- Dan Schuster, Coach Education Specialist: markets and presents the program, 317-822-5714, [dschuster@nfhs.org](mailto:dschuster@nfhs.org)
- Barb Waldsmith, Administrative Assistant, implements the program in day-to-day operations, 317-822-5732, [bwaldsmith@nfhs.org](mailto:bwaldsmith@nfhs.org)

**The System:** [www.nfhslearn.com](http://www.nfhslearn.com) Courses are taken by individual users who are registered and logged into their accounts.

**The Rules:** All users must register once in the system, using a unique e-mail address and establishing a password. Once registered in the system, the user continues to login with that e-mail and password. If a user needs to change his/her e-mail address, he /she logs in under the previous one and then clicks on “Edit Profile” to change the information.

### Things that Work

- A.D.’s ordering licenses in bulk and distributing them to their coaches. This way the A.D. can track the course progress of each coach. Instructions for bulk purchase and distribution can be found at:  
<http://www.nfhslearn.com/pdf/BulkOnlinePurchase.pdf>
- Ejected coaches having to take “Teaching and Modeling Behavior” course before they can return to coaching. This gives administrators a way to educate coaches and remediate behavior instead of just penalizing them and/or their schools.
- Forwarding NFHS Coach Education e-mails to all coaches, administrators and other interested parties

### 2011 Upcoming Courses:

- Track & Field: Fundamentals of Coaching Track & Field: May \$75
- Hydration/Nutrition/Supplements : June \$20

- Sportsmanship (developed for players, parents, spectators, coaches and officials) July FREE course
- Inappropriate Relationships: Fall \$20
