#### 2015-2016 Team Sport Schedules Update:

Schedules for team sports for the 2015-2016 school year will be available within the school login (<https://admin.aiaonline.org>) beginning with football on March 31. The Athletic Director/Secretary can access the schedules. The following is the dates for when schedules will be released within the school login:

March 31, 2015: Football  
April 14, 2015: Badminton, Fall Soccer, Volleyball (Girls)  
April 15, 2015: Basketball, Winter Soccer  
April 16, 2015: Baseball, Softball, Tennis, Volleyball (Boys)

#### How Schedules Are Generated:

The computer scheduled one game vs. each team in your section, either home or away (exception is girl's fall soccer in which the computer scheduled two

games, one home and one away, vs. each team in your section), and the computer then scheduled non-section games within division only to no more than the minimum needed for each sport, which is as follows:

- 8 games in football (6 for 8-man football)
- 10 games in tennis and soccer
- 14 games in basketball, baseball, softball, and volleyball

#### **Computer Scheduled Varsity Non-Section Games:**

If a member school wants to remove a computer scheduled varsity non-section game, they may do so within the school login system, and that request to remove the game must be accepted by the opposing school for it to be finalized.

#### **Important Note on Football Schedules:**

Per Board direction, if the computer was unable to schedule all games in weeks 3-10 (3-8 in 8-man football), then a game scheduled for week 2 (9/4) was moved and placed in zero week (8/21) so that all schools had weeks 1 and 2 (8/28 and 9/4) open to schedule freedom games.

#### **Lower Level Schedules:**

Lower level schedules were generated to mirror varsity schedules, as long as the school had indicated on their sport participation survey that they had a lower level program. For example, if a school checked they had JV, but not freshman football, lower level schedules were generated for JV but not freshman. A lower level scheduled may be removed in its entirety by the school if it doesn't have a program within the school login. Lower level schedules on a game by game basis may be removed as well without mutual consent. A school can also add in lower level games should they find they will now have a freshman or JV program if not originally checked off.

### **How To Guide:**

Please download the how to guide for complete information on how to add/edit/delete games: [School Schedules - How to View/Edit/Add/Delete Games - 2015-2016](#)

### **Individual Sport Classification Process 2015-2018:**

Each sport advisory committee will meet to address each appeal related to their sport, which can be presented by the school or district in person, prior to appeals reaching the AIA Executive Board (if any are appealed to the Board by the school if denied by the respective sport advisory committee). The exception is the PUSD district wide appeal which will be heard by the AIA Executive Board.

The individual sport advisory committee meetings will take place during the week of April 6. The schedule for the sport advisory committee meetings is as follows below is available at [www.aiaonline.org](http://www.aiaonline.org).

### Brainbook Concussion Course Update

ATTENTION: Administrators

- The AIA is working with Barrow Neurological Institute to incorporate Closed Caption for the online Brainbook Concussion Course. We are hoping to have this completed within the next few months. Currently, the Brainbook Concussion Course is available in both English and Spanish but we are looking forward to including Closed Caption as well. In the meantime, students will still be able to complete the course because the quiz at the end of the module is based on the written content, not the videos.

Please feel free to contact Ms. Michele Staples if you have any further questions at [mstaples@aiaonline.org](mailto:mstaples@aiaonline.org)
