## **41.2 CONCUSSION EDUCATION**

All student athletes shall complete the Brainbook online concussion education course. Student athletes participating in sports as of the 2011-12 school year shall complete the course. All student athletes shall complete the course prior to participation in practice or competition. Note: The Brainbook online concussion education course must be completed by a student athlete only once.

### **41.3 CONCUSSION POLICY**

#### 41.3.1 Education

- 41.3.1.1 All AIA participating schools must have a concussion policy on file. The policy must address the following:
  - Concussion education
  - Removal from play
  - Return to play
- 41.3.1.2 Parents and athletes must sign a form acknowledging education regarding concussion

## 41.3.2 Mechanics and Criteria for Removal from Play

- 41.3.2.1 An athlete, coach, licensed athletic trainer, team physician, official or parent can remove an athlete from play.
- 41.3.2.2 Only an appropriate health care professional can refute the diagnosis of a concussion.

## 41.3.3 Return to Play Criteria

- No athlete should return to play (RTP) or practice on the same day of a concussion.
- Any athlete suspected of having a concussion should be evaluated by an appropriate health-care professional that day.
- Any athlete with a concussion should be medically cleared by an appropriate health-care professional prior to resuming participation in any practice or competition.
- After medical clearance, return to play shall follow a step-wise protocol with provisions for delayed return to play based as directed by an appropriate Health-care provider.
- Return to play should only occur after an athlete has returned to full school attendance without academic accommodations.

# 41.3.4 Appropriate Health-care Professionals for Return to Play

An appropriate health-care professional is defined as the following:

- 1. Licensed Athletic Trainer
- 2. Physician (MD/DO)
- 3. Licensed Nurse Practitioner
- 4. Physician's Assistant

#### 41.3.5 Return to Academics

- Cognitive rest should be recommended for symptomatic athletes. This may include limiting activities such as reading, texting and computer usage.
- In some instances, this may also involve school absences and/or the use of academic adjustments or accommodations as prescribed by the appropriate healthcare professional and school academic team (school nurse, school counselor, administration, etc.).

• Returning an athlete to the classroom following a concussion should follow a return to learn progression.

## 41.3.6 Other

- 41.3.6.1 At the beginning of a game, the coach must certify to the official that the equipment is in compliance with safety regulations and properly fitted.
- 41.3.6.2 If a helmet comes off or becomes dislodged during play, must remain out for one play or call a time out to have the equipment reassessed.
