15.7 PHYSICAL EXAMINATION RULE

15.7.1 A student shall not be allowed to practice or compete in interscholastic athletics until there is on file with the principal or his/her designee a record of a preparticipation physical examination (PPE) performed by a doctor of medicine (M.D.), an osteopathic physician (D.O.), a naturopathic physician (N.D., N.M.D.), a certified registered nurse practitioner (N.P.) licensed to practice, a certified physician's assistant (PA-C) registered by the Joint Board Of Medical Examiners and the Osteopathic Examiners in Medicine and Surgery, or a certified chiropractic sports physician (CCSP). The physical examination for the following school year shall be given **on or after March 1**. The physical examination on file shall be signed by one of the aforementioned medical providers and shall state that, in the opinion of the examining provider, the provider did not find any medical reason to disqualify the student from practice or competition in athletic contests. The principal or his/her designee, if deemed advisable, may require a student to be reexamined.

15.8 PARENTAL OR LEGAL GUARDIAN CONSENT RULE - Parental or legal guardian consent is required before a student can be eligible to practice or compete in interscholastic competition. All students shall have on file with the principal or his/her designee appropriate permission in which the parent or legal guardian authorized participation.

15.8.1 It is recommended that such authorization state:

I/We give our permission for _____ to participate in organized interscholastic athletics, realizing that such activity involves the potential for injury, which is inherent in all sports. I/We acknowledge that even with the best coaching, use of the most advanced protective equipment and strict observance of rules, injuries are still a possibility. On rare occasions, the injuries can be so severe as to result in total disability, paralysis, quadriplegia or even death.

I/We acknowledge that I/we have read and understand this warning.

(1) **MOUNTAIN RIDGE HIGH SCHOOL** – Deer Valley Unified School District

Reported Violation:

The boys' beach volleyball coach had printed a list of students from RMA that were cleared to try-out. On the day of try-outs he had grabbed his camp list and brought it with him to the courts and used this as his cleared athlete list. As soon as he realized that he had the wrong list he immediately corrected his actions and used the list provided to him from RMA.

Schools Corrective Action:

The coach received formal discipline from administration. The coach was re-trained on policies and procedures for student-athlete tryouts. The coach will receive his list of cleared athletes directly from the athletic office.

Prior Violation(s):

None.

(1) HIGHLAND PREP HIGH SCHOOL – Highland Prep Academies**Reported Violation:**

Head Coach used a play calling app to communicate with the coaching staff during a game in which he was suspended by the AIA and Highland Prep Surprise. Coach was explicitly told AIA Bylaw 17.3 and was informed of his suspension due to behaviors exhibited during contests. Coach no longer employed at the school due to his insubordination and lack of ethics in regards to this situation. Coach was fired immediately upon discovery.

Schools Corrective Action:

Highland Prep's school administration were advised that Highland Prep's Head Football Coach was reportedly making play calls while serving suspension during Friday Night's loss to Veritas Prep. The report was substantiated, and I requested that report to Highland Prep to meet with School Principal and myself after his work day. Coach was placed on suspension from all team activities due to not being able to meet until end of workday. The corrective action meeting took place at 7:30 a.m. this morning and Coach was removed from his coaching position with Highland Prep. Highland Prep will communicate a corrective action plan to the AIA that will include having 'all' coaches trained on AIA Bylaws.

15.10.1 In team sports, a student shall be ineligible for all power ranked contests at the varsity level until after the first 50% of the maximum allowable Power Rankings regular season contests in those sports in which the student participated during the twelve (12) months immediately preceding the season in which the student is seeking eligibility. In sports permitting invitationals/tournaments, the student shall be ineligible for the first invitational/tournament. Participation is defined as a student participating in the sport during a regular season game as is specified by the AIA standardized calendar.

(1) PINNACLE HIGH SCHOOL – Paradise Valley Unified School District**Reported Violation:**

An intra-district transfer student who played flag football last spring should have been sitting out for the first half of the season was deemed eligible and played in this game. This was an oversight within the athletic department because Pinnacle did not participate within the AIA last year but played organized flag football vs another district within the past 12 months.

Schools Corrective Action:

Contests forfeited. The athletic director and the district athletic director will now conduct a joint review of all student-athlete transfers to determine eligibility. This process has been instituted to prevent a single point of failure.

Prior Violation(s):

None.

9. SCHOOL VIOLATIONS – Cont'd**(D) Rule: Article 14. General Provisions, Section 5 Individual Competition****14.5 INDIVIDUAL COMPETITION**

(1) MONUMENT VALLEY HIGH SCHOOL – Kayenta Unified**Reported Violation:**

The coach requested a bus to transport the cross-country team to a community free run event. The use of district transportation for this purpose constitutes a violation. The head coach did not disclose that the team would be participating in a community event and instead indicated that the bus was requested for a practice run at another trail location. This occurred during the season, one week prior to the teams' first competition.

Schools Corrective Action:

As a corrective action, the head coach will review AIA bylaws and district policies regarding transportation and participation in community events and attend a brief meeting to ensure understanding of proper procedures for event disclosure and bus requests. Moving forward, all transportation requests must be reviewed and approved by the athletic director with full disclosure of the event's purpose. The head coach is on suspension until a final decision is made by the AIA Executive Board meeting on October 20.

(1) VALLEY VISTA HIGH SCHOOL – Dysart Unified School District**Reported Violation:**

On September 18th Valley Vista played players for more than the allotted 5 quarters per week. Due to low numbers, Valley brought a few players from the 9/10 team as emergency players for the JV game. One of our own coaches realized that some of the players ended up playing more than 5 quarters and reported it to me. The players played more than 5 quarters because when some players had to come out with injuries or fatigue, coaches subbed available players with.

Schools Corrective Action:

I have addressed this with our head coach so that it does not happen again. We will designate someone to track the quarters on the sideline. Eliminating one of our lower-level programs so that athletes don't have to dress in multiple games.

(1) CESAR CHAVEZ HIGH SCHOOL – Phoenix Union High School District**Reported Violation:**

On September 25th I was informed by the AD at South Mountain that two of our varsity girls volleyball players participated in the varsity game against Maryvale on September 23rd. both athletes had completed the appropriate transfer forms and were subject to the 50% sit-out rule. The game against Maryvale was intended to be their ninth and final game to sit out, in accordance with AIA transfer regulations. However, upon review, it was determined that their participation occurred one game too early. The error stemmed from a misunderstanding by our new varsity head coach, who believed that tournament matches counted toward the 50% sit-out requirement. She has since acknowledged the mistake and expressed sincere regret. She recalled prior discussions regarding transfer rules but did not recall that tournament matches do not count toward the sit-out total.

I met with the coach in person and addressed the issues and provided her with a formal letter of direction. Based on our conversation and her conduct, I do not believe the decision to play the athletes was intentional or made for any competitive advantage. Nevertheless, we acknowledge the error and understand that the game will need to be forfeited in accordance with eligibility rules.

Schools Corrective Action:

Contest forfeited. I met with my varsity girl's volleyball coach in person on 9/26/25. I gave her a formal letter of direction. I also sent an email out to all coaches reiterating the AIA transfer rules and attached a copy of the bylaws.

Prior Violation(s):

None.

(1) JOSEPH CITY HIGH SCHOOL – Joseph City Unified**Reported Violation:**

Joseph City football played Sedona Red Rock in a pre-season scrimmage. Sedona Red Rock is in their first year of their program, restarting after many years. At some point in the scrimmage, Sedona Red Rock was unable to field 9 healthy offensive players. The coaches communicated with each other, along with the officials and Joseph City agreed to loan a player to snap the ball for Sedona Red Rock's offensive possession. This decision was done with the intent of helping a new program, and not to gain any competitive advantage.

Schools Corrective Action:

Admin and coaches had a discussion over bylaw 24.3.1.2. This bylaw was interpreted incorrectly and education to all coaching staff and administration has been completed.

Prior Violation(s):

(1) **RAYMOND S. KELLIS HIGH SCHOOL** – Peoria Unified School District

Reported Violation:

Student enrolled at RSK on January 9th and completed a 550 form on March 24, 2025. This process resulted in student being ineligible for 50% of the season due to transfer rule. RSK head football coach was hired after student enrolled and unaware of student eligibility status. Previous AD resigned just days before school started, new AD was hired and began working on August 18th. Nothing was left or shared by the previous AD with the new AD. On September 10th, another RSK coach informed both new AD and new Coach that student was a transfer and may be ineligible. This information prompted all parties to investigate, where we discovered his eligibility status. On September 11th, student and his parents were notified of his status. District AD was also notified of the violation on this date and directed RSK to complete a violation form.

14. WRESTLING OPC WEIGHT CERTIFICATION

Weight Certifications may begin on the first day of practice.

Rationale: Weight certifications are intended to, as closely as possible, capture that athlete's natural weight. Using this day as the start will allow coaches to begin the process as soon as possible, however, most schools will wait until closer to their first match to complete the certifications to allow for the weight adjustments from the first few weeks of practice. I see no detriment to the athletes with this option.
